

# Obrázky ve výuce jazyků

## 150 obrázkových karet pro výuku češtiny

Milé kolegyně, milí kolegové,

protože se v důsledku aktuální situace zvyšuje zájem o výuku češtiny pro cizince - dospělé i děti, rozhodla jsem se, že Vám nabídnu svoji práci, která by Vám mohla pomoci. Sestavila jsem soubor 150 obrázkových karet *flashcards* s vlastními ilustracemi, které znáte z mého blogu, a doplnila jsem je českými popisky. Sama mám bohaté zkušenosti s výukou češtiny pro cizince bez zprostředkujícího jazyka a tento typ kartiček se mi velmi osvědčil. Doufám, že pomohou i Vám v komunikaci s Vašimi studenty a že přinesou do Vašich hodin alespoň trochu zábavy.

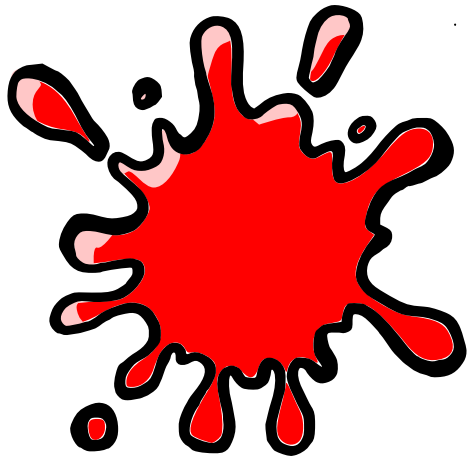

Stačí si je stáhnout, vytisknout a rozstříhat. Na mém blogu **Obrazkyvevyuce.cz** najdete tipy, jak s nimi pracovat.

Obrázkové karty jsou zdarma ke stažení, nejsou určeny pro komerční účely.

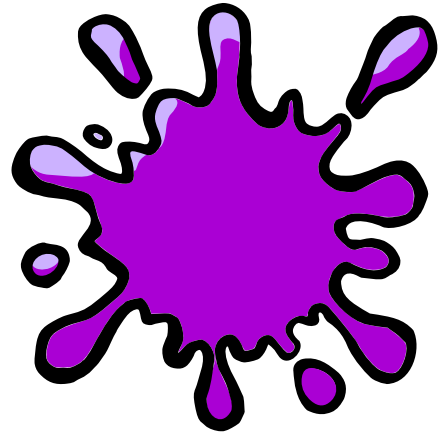

Moc děkuji, že respektujete autorská práva, a přeji Vám všem i Vašim studentům hodně sil.
